

BREATHTAKING VIEW

Take a short walk to the beach, or stay home and let the ocean come to you. On a chilly summer day just pick a room, grab a blanket, and cozy up next to the window to watch the whales pass by, or the fishermen troll up and down the coast. Follow the planes as they approach the coast and descend to the runway, watch the lights of Arcata and Eureka twinkle to the south, and see clear down to Cape Mendocino on a good day. The view of Trinidad Head to the west borders the Bay and Harbor.

THE RESTAURANT

The Trinidad Bay Eatery serves breakfast, lunch, and dinner throughout the season, and operates a full-service espresso bar to keep you revved up during your visit. Stay at the Sea Breeze and become part of a family tradition that the landmark Eatery and Gallery has created in Trinidad for over 40 years.

HARBOR PRIDE & THE SEA BREEZE

The Trinidad Bay Eatery partners with Harbor Pride Outfitters in welcoming you to the North Coast. Harbor Pride provides the Sea Breeze with reservation assistance, travel recommendations, and local expertise such as trails to explore in the nearby Redwood National Forest, times and dates of local Farmer's Markets, or places to go to escape the fog.
